

Gigaset

DX800A

The high-end hybrid desktop phone for VOIP and ISDN or fixed line calling.

The Gigaset DX800A all in one is the professional multiline desktop phone for small offices and home offices. From its comfortably modern design to its large 3.5" TFT colour display, this corded desk phone has executive chic with business-like functionality to match. Being a hybrid phone means the Gigaset DX800A all in one is truly flexible and can be configured to either IP with ISDN, or IP with fixed line. Being a multi-line telephone means it supports up to 4 calls in parallel; ideal for busy environments. If you ever need to expand your horizons; the DX800A acts as a DECT base station with the ability to connect up to 6 handsets.

Managing contacts is easy with up to 1000 vCard entries. You can synchronise with your PC to access Outlook contacts and locate details easily with auto look-up (Dependent on country/network/provider). The Gigaset DX800A all in one has best-in-class hands free for wired or wireless hands free talking. Every single conversation is heard in exceptional High Definition sound quality.

Thanks to three integrated answering machines with a combined recording time of up to 55 minutes, the Gigaset DX800A all in one is equipped to support small businesses.

Features

- Multiline desktop phone: fixed, IP and ISDN line

- Best quality hands free
- Energy-saving ECO features
- DECT repeater enabled, by adding the Gigaset Repeater you extend the DECT range (Up to 6 can be added)

Professional SOHO solution.

The [Gigaset DX800A](#) all in one manages your contacts professionally. As well as providing an address book for up to 1000 vCards, this valuable multi-line desktop phone links to your Outlook contacts. When someone in your small office or home office needs to locate the details of other businesses, the Gigaset DX800A all in one saves time with access to an online net directory and Yellow Pages search. With auto look-up it's even easier to find the details needed. The online benefits of this hybrid desktop phone do not end there; get useful Gigaset info services direct to your large colour display - RSS news feeds, a weather forecast and more. Also receive email notification, showing details of the sender, subject, time and date. And with Link2Mobile Bluetooth® technology you can make and receive mobile calls from the comfort of the Gigaset DX800A all in one, whenever it suits you.

Environmental efficiency.

The Gigaset [DX800A](#) all in one has an energy-saving power supply, meaning it consumes less electricity saving you money and helping the environment. For further energy savings, a time controlled night mode switches off the display when not in use. When no cordless handsets are registered to the base station the DECT power is switched off completely. When handsets are registered, the transmitting power to the base station is variably reduced depending on their distance apart. You can also reduce the transmitting power by up to 80% by selecting the ECO Mode. Furthermore, radiation-free ECO Mode Plus turns off the transmitting power when the handset is in standby. Rely on the Gigaset [DX800A](#) all in one for professional energy-efficiency.

With its smart design, HD sound and flexible configuration - VoIP with ISDN or fixed line - the Gigaset DX800A all in one is a real investment for the future and the savvy choice for your professional small office or home office and is capable of meeting the daily demands of up to four professionals.
